Store frozen food and ingredients in the Bestfrost SF600 single solid door catering freezer.

Whether you're storing frozen veggies, chips or meat for your most popular dishes, the BestFrost SF600 is perfect for your restaurant, cafe, or takeaway. This unit has a huge cabinet with fixed shelves, but it's still small enough to fit in places where double door units would not. With a powerful yet environmentally friendly refrigeration system, your ingredients and fully-prepared foods will stay frozen and stocked ready for when you need them most.

Size

Unit	Height	Width	Depth
